Fees, Charges and Refunds

CFT International Pty Ltd may update fees and charges at any given time and it is recommended potential students contact CFT International Pty Ltd to ensure the most up to date information is obtained.

Refunds:

Online students

CFT agrees to refund, within 14 days, fees paid with a 50% deduction for administration fees where the student has requested a refund due to deciding the course is not necessary (changing their mind).

Refunds are conditional upon:

- the computer system being used by the student does not meet the minimum requirements detailed for use of the online learning material;
- a student enrolling in, or completing a course, then determining it is not the correct course for their needs. For instance, there is a clear warning on the website for NSW RSA students to advise they need a NSW Liquor Administration Board approved RSA course. There are also warnings that RSA students should access the relevant State regulations to see if the national online course is suitable for them.

- CFT agrees to refund, within 30 days, with no deduction, fees where the student has been unable to access the online learning material due to a system failure of the learning material. That is, the learning material is not available for access by all students due to technical failure of the learning platform.

Students who attend classes

- CFT agrees to refund, within 14 days, without deduction, all fees where the CFT cancels the course or where the commencement of the course is postponed for more than four weeks.
- If a student enrolls into a class which is either full or is cancelled, CFT will endeavor to transfer the student to the next available class.

Correspondence Students

CFT recognises that refunds of fees paid in advance should be made to students under the following conditions:

- CFT agrees to refund, within 30 days, without deduction, all fees where the student's application for enrolment is refused by CFT.
- CFT agrees to refund, within 30 days, all fees paid, less a \$20.00 administration charge, where, by reason or reasons beyond the student's control, (including Acts of God, Acts of Government authorities, civil strike and riots), the student is prevented from completing the Training.

Refund Process

Any student who wishes to obtain a refund on the above or on any other grounds should make an application in writing and forward by email to support@cft.com.au

Transfer fee

Requests for transfers received prior to the course commencement date are free of charge.

Fees for replacement certificates

Students can download a replacement certificate form on the student information page of our website www.cft.com.au and apply for a replacement certificate. Replacement Statement of Attainments are \$20.00 each if a hard copy replacement is required.

Extenuating circumstances

Students may have extenuating circumstances that prevent them from attending scheduled course dates. These circumstances may include (but are not limited to):

- Illness
- Family or personal matters
- Other extraordinary reasons

Where evidence can be successfully provided to support the student's circumstances, course fees may either be transferred to the next available course where applicable, or a refund of unused course fees will be issued. This decision of assessing the extenuating circumstances rests with the Managing Director and shall

be assessed on a case by case situation.

Online Training

Technical Help Desk

Prior to going "live" with the course, students are encourage to log on and to test the network to ensure they understand the login process and the technical hardware requirements for effective course operation. Inexperience with our software program are rare; logon issues are minimal because the software is largely intuitive

Students may have problems in being able to establish communication with the network and provide smooth uninterrupted review of learning materials and assessments. The Help Desk operation is provided through the training staff who are contacted by a student, either on line or by phone. The Trainer will trouble shoot the problem with the student but may refer the matter to the IT Help Desk that supports CFT International.

Academic Support

The most common problem is where the student does not read the question or their answer is not well written in a style that is marked by the online learning system. All of the online questions are marked by the system itself with very little intervention by the assessors unless the student advises they are having

problems. The trainer assessor will contact student directly by an appropriate mechanism: email, mobile phone, land line phone or online through VOIP.

If a student answers a question incorrectly 4 times, they are locked out by the system. They will then need to email support@cft.com to unlock the system and to discuss the problem question with the assessor.

The assessor will go through which question was incorrect and provide on line email and or discussion with the student.

Probity and Student Identification

The student must establish a proof of identity. We have a requirement for the student to provide 60 points of ID; this is usually best provided as a driver's licence (with the contained photograph) and also a Medicare Card to prove Australian Residence. Passport information pages are also often used for those who do not drive.

The challenge for the assessment is to prove that it is the student who is undertaking the assessment. This may be done by phone discussions regarding assessment questions and answers, outcomes or assessment within the workplace by the third party supervisor.

Employer Support Services

Employers can manage their staff training through our student management system. Please contact CFT to set up this function.

This function will allow you to:

- View your staff progress reports
- View your staff's certificates
- View completed course evaluation reports.
- Manage bulk enrolment coupons that can be used to register staff for training when you need it.
- List all staff enrolments into your employer group.

Language Literacy and Numeracy Support

CFT International Pty Ltd recognises that reading, writing, listening, speaking and understanding mathematical concepts and processes are integral skills required for work and are therefore an important component of training. As all students are individuals with different life experiences, literacy and numeracy skills vary, before beginning your training you will be asked if you need LLN support.

If so you will be asked to complete a short language, literacy and numeracy quiz. This task will assist us in identifying any additional support you may require to successfully complete your course.

You may be referred to a TAFE college for english language skills assistance.

Competency-Based Training and Assessment Process

Competency-based training (CBT) is an approach to vocational education and training that places emphasis on what a person can do in the workplace as a result of completing a training program. The aim of CBT is to ensure that vocational education and training programs better meet the needs of Australia's industries and

enterprises.

Outcomes from CBT reflect workplace duties, working environments and performance requirements. This should include performing higher level duties such as planning, problem solving and managing tasks through to completion. CBT programs are often comprised of Units of Competency that contain specific learning outcomes, which are based on standards set by the particular industry.

Assessment is the process of collecting evidence and making judgments on whether competency has been achieved. The purpose of assessment is to confirm that an individual can perform the standard expected in the workplace, as expressed in the relevant endorsed industry or enterprise competency standards. Assessments through this course will require students to complete a variety of assessment, these may consist of question and answers, case studies, role plays and tasks such as practical demonstration and/or workplace assignments.

Where a student has undertaken an assessment and it has been marked as NYC (Not Yet Competent), they will be allowed to resit the test/or have a re-assessment.

Recognition of Prior Learning (RPL) and Credit Transfer (CT)

CFT does not offer RPL or credit transfer for food safety or RSA courses.

Please note that under conditions of approval from the NSW Food Authority, no RTO is permitted to grant RPL for the NSW Food Safety Supervisor Course.

Hard copies of certificates mailed to you will attract a \$10.00 administration fee.

If you are wanting a certificate request form, please contact us and our staff members will kindly send one to you.

Academic Appeals

A student must lodge an appeal, where practicable, within 30 days of receiving the assessment result.

Where appropriate the student should first approach the assessor concerned.

Where the outcome is not satisfactory to the student, the RTO Manager should be contacted in writing (mail/email), setting out:

- The circumstances surrounding the issue
- Who was involved
- Why an appeal is being lodged
- Any evidence including dates and documentation
- The name of any witnesses who could support the case

Management will consider the appeal and the student will be notified in writing of the outcome and the reason for the decision. Action will be taken for each substantiated complaint. If the student is not satisfied with the outcome, the appeal will be referred to an independent person, who is agreed to by both parties, and the student will have an opportunity to formally present their case.

- Bookings and enrolments
